Institutions of Informal and Formal Learning: What We Can Learn From Each Other

Deborah Massey and Jim Alexander
Rochester Museum and Science Center
Community Resources

✓ Let's create some creative synergy by exchanging approaches from the arenas of formal- and informal-learning. In this hands-on inquiry workshop we'll explore how to introduce a topic with a "sparker" and see what sparks fly. We will practice the art of questioning: how to pose open-ended questions and how to draw-out testable questions from the student. Come prepared to have fun.
