Strategy Discussion

What is your reaction to the strategy and tactics as presented?

- What's missing?
- What needs more/less emphasis?
- Other reactions?

Feedback on the survey

- What feedback would you provide regarding the survey design?
- What do you think the students reaction will be to the survey and proposed focus group process?
- What do you think students will identify as the major influencers?

Student Focused Strategy Development

- What are the major factors affecting students' interest and engagement in math, science and technology?
 - What do educators believe?
 - What do students say?
